Career Objective

To secure a responsible career opportunity where I can apply my skills in Java development, database management, and problem-solving while contributing to the growth and success of the organization.

Projects

- **1. Student Management System (Java Swing, JDBC, SQL)**

- Developed a desktop application to manage student records, attendance, and marks.
- Designed and implemented a SQL database schema for secure and efficient record handling.
- Created modules for student registration, attendance entry, marks updates, and reporting.
- Applied input validation to ensure data accuracy and prevent duplicate records.
- Impact: Automated manual record-keeping, reducing errors and improving efficiency.

- **2. E-Commerce Backend System (Java, SQL)**

- Designed and developed a backend system to handle product inventory, user accounts, and orders.
- Implemented CRUD operations for seamless product and order management.
- Created SQL database structures to store user information, product catalog, and order history.
- Applied query optimization and modular coding for better performance and maintainability.
- Impact: Showcased ability to build scalable systems for real-world e-commerce scenarios.

- **3. Personal Portfolio Website (HTML, CSS)**

- Built a responsive portfolio website to present academic background, skills, and projects.
- Implemented a clean and modern design with structured sections: About Me, Education, Skills, Projects, and Contact.
- Ensured cross-device compatibility using responsive CSS design.
- Impact: Created an online professional presence to highlight technical expertise.

Certifications

- Java Full Stack Developer – J Spiders, JNTU
Trained in Core Java, JDBC, Servlets, SQL, HTML, CSS, and project development practices.

Technical Skills

- Programming: Java, JDBC
- Web Technologies: HTML, CSS
- Database: SQL
- Tools: Eclipse, MySQL
- Soft Skills: Strong communication (verbal & written), adaptability, quick learner

Academic Qualifications

- B.Sc. (Mathematics, Statistics, Computer Science) – Hindu Degree College for Women, Osmania University, Hyderabad (2021)
CGPA: 8.16
- Intermediate (MPC) – Sri Gayatri Junior College, Hyderabad (2018)
Percentage: 69.6%
- SSC – Good Shepherd High School, Hyderabad (2016)
CGPA: 8.2

Academic Achievements & Coursework

- Scored 8.16 CGPA in B.Sc. with a strong focus on Computer Science and Statistics.
- Completed coursework in Data Structures, SQL, Object-Oriented Programming, and Web Technologies.

Personal Information

- Languages: English, Telugu, Hindi
- Hobbies: Listening to music
